BETHEL COLLEGE

The Helm 1960

Bethel College

Mishawaka, Ind.

Foreword

The 1960 HELM has captured within the covers of this book the scenes, events and activities that have brightened our days, and enlarged our experiences while we studied at Bethel. Of course, all of your little day by day occurrences couldn't be enshrined here—the successes and failures; the ups and downs; the sunny days and the gloomy days—these have all become a part of you. Now, as you proceed to look through the pages of our annual we hope that those cherished and beloved memories of your school days will be renewed.

We, the Staff, want to thank the students, the faculty, and all those who participated in the compiling of our annual. And we especially want to thank Mr. Jay Smith for the time spent and guidance given to make our job easier and our staff more efficient.

Ray P. Pannabecker

Chapel message from the President

The Pannabecker family - Calvin, Mrs. Pannabecker, Mariette, President Pannabecker, Delara, Willard

To Honor Our President

On behalf of the entire student body we dedicate the 1960 Helm to you, Mr. Pannabecker, as an expression of our love and respect. We have gratefully seen Bethel College progress and advance the cause of Christ under your wise leadership.

Your interest in Bethel College extends from her initial foundation year in 1947. You served as an instructor during the institution's infancy. More recently you labored behind the scenes as a member and vice-chairman of the Board of Directors. You have come to the presidency with a full knowledge and a positive approach to her problems, and have been understanding of school policy.

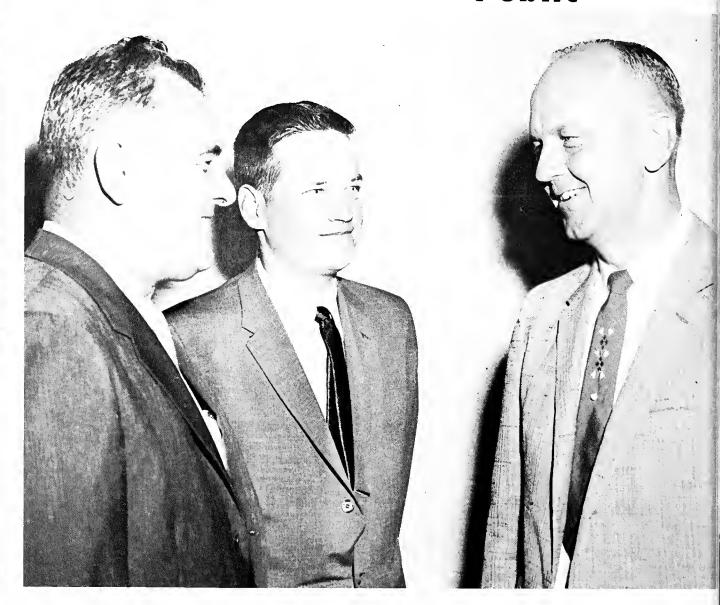

Yours is the tranquil, steody dedication of a lifetime of God's great tasks. Ours is a material dedication to a noble servant of God.

The Helm Staff

The apple of his eye

Public

On July 16, business and civic leaders of this area joined educators in paying tribute to Bethel College at a recognition lunchean co-sponsored by the Chamber of Cammerce of South Bend and the Committee of 100 of South Bend and Mishawaka. It was held in the social room of the new ladies' residence hall on Bethel's campus. The purpose was to give local people an opportunity to extend greetings to Rev. R. P. Pannabecker, newly elected President of the College.

All members of the Administrative staff of Bethel and all department heads were guests of the sponsaring arganizations. Plans for the lunchean were handled by Kenneth Burch, General Manager of the South Bend Chamber of Commerce; Lee McBride, meetings Committee Chairman of the Committee of 100; Clarence Harding, Publics Relations Director of the South Bend Tribune; Jahn Lamey and Ray Pannabecker of Bethel College. The afficial name of the meeting was the "Bethel College Recognition Luncheon." This was the first time the two sponsoring organizations had ever joined forces for such an enterprise.

D. Paul Huffman, Elkhart business man and Secretary of the Board of Directors of Bethel gave the invocation. The Varsity Quartette of the College sang a few numbers and were received very enthusiastically by all in attendance. Orlan Golden and Seth Rohrer of the Board were also in attendance.

Seven Community leaders spoke briefly in recagnition of the important role Bethel was playing in community development and welcomed Rev. Pannabecker to his new position.

President Pannabecker gave the main address in which he outlined both the background and objectives of the U. M. C. and Bethel College. One statement from his address was quoted verbatim by the South Bend Tribune, "Spiritual leadership is the only real reason we have for existing."

New oddition

Whate'er is best administer'd is best.

From The Desk of Our President . . .

Our ideas of a Christian College must vary according to our own desires and goals, but we can all unite with Charles Wesley when he said: "Unite the pair so long disjoin'd, knowledge and vital piety."

At Bethel College we strive for two basic achievements. First, and rightly foremost, we want to see our students grow great souls. We maintain this attitude because we know that the sacred writer was correct when he said that the fear of the Lord is the beginning of wisdom. There can be no amount of progress in the realm of acquiring wisdom without rekoning with this eternal reality. It is this realization that prompts the emphasis which every teacher and administrator places upon true Christian living at Bethel College, and in the world we serve ultimately.

Our second attempt lies in the realm of academic advancement. First of all faculty members are making sincere attempts at self-improvement. This has led to tedious summer schools and long hours of study and writing. One by one higher degrees have been acquired along with a whetted appetite for continued striving toward doctoral degrees. This personal improvement by faculty members has been balanced with concerted study of Bethel's offerings in an effort to make every course fit into our total institutional gaals. This combination of efforts results from our conviction that a Christian ought to do his best in every realm.

With God's blessing we believe we can help fulfill Mr. Wesley's ambition for a happy combination of knowledge and piety. To that end we solicit the continued prayers of our constituency.

The student pastor program, having successfully completed its third year, is open only to senior ministerial students. Each candidate is required to serve ten hours weekly, without renumeration, in a church mutually arranged for by the pastor and Bethel College. Three hours of college credit are given each semester for this practical, full year course.

The prospective pastors are placed under the direction of ministers, with at least five years of experience, who accept the responsibility of designing activities to familiarize the students with church procedure. This often includes assisting in funerals, weddings, communion services, and other important aspects of the total church program. The assignments cover a broad area by: observation, preparation, visitation, preaching, and teaching. Biweekly activity reports are filed with Reverend R. P. Pannabecker, who supervises the entire program. Mr. Pannabecker meets with the student pastors each month in an informal discussion of the problems and rewards in their assignments.

It's not exactly a three-month picnic, but travelling as a member of the summer quartet is a rewarding experience. The four bays are not the only ones who profit from their efforts either -- for the contacts which they make help build the reputation of the college and attract new students.

The quartet, known as the "Helmsmen," is composed of members from one or more of the gospel teams and travels predominently in the Midwest.

Seven wins and five losses is an excellent record, considering that the 1959-60 basketball season was our first serious attempt at inter-collegiate competition. And instrumental in the performance of the Pilots was Coach Bob Long.

Qualified by ten years of teaching and coaching, Mr. Long is planning the development of our Health Education program. This area of learning will eventually include track and baseball in addition to credit courses leading to a minor in Physical Education.
